

Nordic Championship in Underwater Photography 2025

The Nordic Championship in Underwater Photography aims to showcase the beauty and condition of the underwater environment in the Nordic countries. This annual competition invites all underwater photographers affiliated with Nordic National Federations to share their best shots from our lakes, rivers and seas.

The competition rules and categories have been changed 2024. Please study the rules carefully before submitting the photos.

[Rules in English](#)

The theme for category E is: Silence

Deadline for entering the competition is on November 1st at 23:59 CET.

- We will use the same online system as Sweden/Denmark have used before in the Nordic Championship. The participants will be able to register and upload all their photos in the same online system.
- Approximately 2 months ahead of the competition deadline (1 of November) we will update our website and send out a link, for the online system where they participants can register and upload their photos

The result will be published on Norwegian Diving federations website www.ndf.no by 9.12.2025.
